SECTION 1 – INTRODUCTION

About This Provider Directory

This directory is current as of 12/9/2019. The provider directory lists in-network plan providers by county, according to the location where WellFirst Health has approved them to provide services. Other types of plans may offer different provider options. See your member certificate if you are not sure which plan you have.

There are symbols that appear next to names listed in this provider directory. These symbols provide important information you will need when choosing a provider. Each page displays a key to explain what the symbols mean.

Go Online To Find a Provider

Although this provider directory was accurate at the time it was printed the provider network may have changed. You should confirm our network providers before you seek care. You can do this by viewing our online provider directory at wellfirstbenefits.com/doctors. You can search by name, specialty, location and more.

Your Primary Care Provider (PCP)

When you enroll as a Member you may be required to choose a PCP to manage your health care. Your PCP evaluates your total healthcare needs and provides personal medical care in one or more medical fields. PCPs are listed within this provider directory or you can visit wellfirstbenefits.com/newmember.

Changing Your PCP

If you are required to choose a PCP, you are free to switch to a different PCP at any time by contacting the WellFirst Health Customer Care Center.

Areas of Practice

PCPs generally focus on certain medical areas of practice and each area has its own benefits:

- Family medicine focuses on health care for the entire family. Some family medicine providers include obstetrics, which is the care of women during pregnancy and childbirth.

- Internal medicine focuses on adult medicine and the aging process (ages 18 and older). Some internal medicine providers have a particular focus on complex or multiple ongoing health conditions.

- Pediatrics focuses on childhood medicine and health care (up to age 17).

Prior Authorization

You must get prior authorization from us before you receive certain services or procedures. If you fail to get Prior Authorization for any covered service which requires an authorization, you, the Member, will be responsible for paying up to 100% of the total cost. Review the Member Guide on wellfirstbenefits.com/members to learn more about the prior authorization process.

You can also call our Customer Care Center at (866) 514-4194 for more information including benefit limitations and coverage details. Refer to your member certificate and benefit summary for benefit limitations and coverage details.

Get the Right Care

When you need care, we encourage to first call your PCP or primary care clinic for an available appointment.

If the need is more immediate, urgent or emergency care may be appropriate. Urgent care is meant to treat medical problems sooner than a scheduled office visit. An authorization is not required to receive urgent care services in an Urgent Care, which is generally open evenings and weekends.

Emergency care is for illness or injuries that are life-threatening. In the case of an emergency, call 911 or go to the nearest emergency room.

Urgent care and emergency room copays are generally higher than office visit copays.

Visit wellfirstbenefits.com/right-care for more details about getting the right care.

Pharmacy

Our pharmacy page provides information about which medications are covered and what programs are available. Visit wellfirstbenefits.com/pharmacy to learn more and to search for a pharmacy near you.
We’re Here To Help

Need help selecting a PCP or have other questions about your plan? Call our Customer Care Center at (866) 514-4194. (TTY: 711).

When scheduling appointments or elective procedures, you are strongly encouraged to contact us to verify whether your providers are in our network. This includes for example, your anesthesiologist, radiologist, pathologist, facility, clinic or laboratory. If your provider is out-of-network you will pay more for your care, such as higher copay, deductible and/or coinsurance amounts.

The information contained in this directory may change throughout the year. If you have questions about the providers in our network, please contact our Customer Care Center at (866) 514-4194. They can help you find a network provider or explain the financial implications of seeking care outside of our network.

Visit wellfirstbenefits.com to find more information about your health care coverage. You can even submit questions online to our Customer Care Center. For complete details about what’s covered under you plan, please see your member certificate.

How we choose physicians, providers, and hospitals for our networks:

Quality of care

Before providers join our networks, we check to see that they have the appropriate education, licensure, and training to provide quality care.

While WellFirst Health does not utilize specific quality, member satisfaction, cost-related or patient safety measures for selecting providers and hospitals to participate in our networks, we require that all providers meet our stringent credentialing standards, which include the verification of licensure, education, training, and malpractice and sanction history prior to joining our network. Ongoing quality monitoring of physicians and providers is accomplished by checking for licensure and other sanctions, and investigating, tracking, and trending member complaints about quality of care.

Location

Easy and prompt access to the care you need from wherever you are is important. That’s why we work hard to include network providers in the areas we serve so that you can get the care you need from local doctors, hospitals and other health care professionals.

To help ensure that you can find the care you need, we consider the following:

- How far you have to travel to see a provider
- The number of available providers in your area
- The number of primary care physicians in your area accepting new patients
- The languages the providers speak
- How long it takes to make an appointment and see a provider
- How easily you can access routine, urgent and emergency care

We strive to ensure that all members have access to a physician or other health care professional within 30 minutes driving time or 30 miles from your home. If we are unable to achieve that we will work with you to find the nearest network provider to meet your needs.

Types of providers

To best meet your health care needs, our networks include a wide range of health care providers. They include, but not limited to:

- Primary care physicians, including family medicine, internal medicine, and pediatricians
- Specialists such as general surgeons, dermatologists and cardiologists
- Skilled nursing facilities and rehabilitation hospitals
- Acute care hospitals
- Behavioral health providers, including psychiatrists and therapists
- Diagnostic imaging centers

If you have questions about our networks, please call WellFirst Health Customer Care Center at (866) 514-4194.

---

How do I know whether to go to the Emergency Room or an Urgent Care Center?

EMERGENCY CARE is care a Member needs due to the onset of a medical condition that, if the Member does not seek immediate medical attention, could result in serious injury or death. Some examples of conditions that may require emergency care are heart attacks, strokes, severe shortness of breath, and significant blood loss. Emergency care is Medically Necessary care, that is needed because the Member’s condition manifests acute symptoms of sufficient severity that a prudent layperson, who possesses average knowledge of health and medicine, could reasonably expect the absence of medical attention to result in serious jeopardy to the Member’s health, or with respect to a pregnant woman, serious jeopardy to the health of the woman or unborn child.

URGENT CARE is care that you need sooner than a regular physician’s visit. Some examples of conditions that may require urgent care are broken bones, sprains, minor cuts and burns drug reactions, and non-severe bleeding. If you are outside the service area, go to the nearest appropriate medical facility, unless you can safely return to the service area to receive care from a Plan Provider.

Language Assistance

**English** - ATTENTION: If you speak English, language assistance services, free of charge, are available to you. Call 1-877-317-2410 (TTY: 711).

**Chinese** - 注意：如果您使用繁體中文，您可以免費獲得語言援助服務。請致電 1-877-317-2410（TTY：711）。

**Hindi** - ध्यान दें: यदि आप हिंदी बोलते हैं तो आपके लिए मुफ्त में भाषा सहायता सेवाएं उपलब्ध हैं। 1-877-317-2410 (TTY: 711) पर कॉल करें।

Non-Discrimination Notice

The Health Plan*:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as: qualified sign language interpreters and written information in other formats (large print, audio, accessible electronic formats, other formats).
- Provides free language services to people whose primary language is not English such as: qualified interpreters and information written in other languages. If you need these services, contact the Customer Care Center at 1-877-317-2410 (TTY: 711).

The Health Plan complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, sex, or religion. The Health Plan does not exclude people or treat them differently because of race, color, national origin, age, disability, sex, or religion.

If you believe that the Health Plan has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, sex, or religion, you can file a grievance with the organization’s Civil Rights Coordinator. If you need help filing a grievance, the Civil Rights Coordinator for the Health Plan is available to help you. You can file a grievance in person, by mail, or email at:

Civil Rights Coordinator
1277 Deming Way
Madison, Wisconsin 53717

Phone: 1-608-828-2216 (TTY: 711)
Email: civilrightscoordinator@deancare.com

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, by mail, or phone at:

U.S. Department of Health and Human Services
